

Land Surveyor Technician

Benton & Associates, Inc. (B&A) is a consulting engineering and land surveying firm of 40+ employees serving public and private clients throughout Illinois, Missouri, and the greater Midwest. After 50+ years in business, our employee-owned firm is looking to its future by recruiting both recent graduates and experienced professionals of a variety of backgrounds and skill sets.

B&A is seeking a candidate to fill a **full-time, entry level Land Surveyor Technician** position. The ideal candidate will have the ability to assist our surveying team in performing boundary, ALTA, topographic and construction surveys utilizing GPS and Total Station instruments. The ideal candidate will also quickly grow within B&A to become comfortable working independently and leading projects from inception with our clients.

Responsibilities

- Operate survey instruments and equipment on a variety of projects including topographic, ALTA, boundary, and construction staking.
- Assists the party chief in obtaining field measurements and calculating points, elevations, lines, angles, and contours.
- Assists the party chief in preparing recorded plats and other work product.
- Learn B&A's surveying standards and become proficient in utilizing them on projects to deliver quality land surveying services to our clients.

Minimum Qualifications

- High school diploma (or equivalent).
- Valid driver's license.
- Strong verbal communication skills to communicate with co-workers and the general public.
- Able to follow instruction from PLS and project managers.
- Able to work in varying work conditions in the field such as heat, cold, and over challenging terrain.
- Experience and comfort working in a team environment with the ability to manage multiple projects and adjust work schedule to meet project deadlines in a fast-paced work environment.

Ideal Qualifications

- Associate degree or Bachelor's degree in surveying or a related field.
- CADD experience in developing boundary, ALTA, or topographic plans.
- Familiarity and technical ability to operate GPS equipment (preferably by Trimble) and robotic Total Station instruments (preferably Topcon).

Benton & Associates, Inc. strives to offer competitive salaries and performance incentives. Standard benefits for full-time employment include health and life insurance, flexible spending and health savings accounts, generous 401k retirement, professional development and training and flexible work scheduling. B&A's leadership recognizes the value each team member has in the firm's success and they aim to provide as much financial recognition to those contributions as possible.

Benton & Associates, Inc. is an equal opportunity employer. We are strongly committed to the recruitment, selection development, and promotion of all employees on individual merit. We continually seek to build and maintain a workforce that reflects the rich diversity of the population we serve. Our practice is to strive to provide equal employment, training, education, mentoring and advancement to all employees without regard to race, color, religion, gender, national origin, age, or disability. You are welcome to submit your resume at any time for consideration.
